Curriculum

Mr. Meisel moved that the following policies be approved, to become effective with the academic year 1968-1969:

6-credit
courses

- (1) All courses offered in the regular, undergraduate liberal arts College to be 6-credit courses.

12-4-4-12

- (2) The academic year to consist of a twelve-week fall term, two four-week winter terms, and a twelve-week spring term. Normal course load for students to be three courses in the fall and spring terms and one course in each of the four-week winter terms. Eight-week courses are eliminated.

Page 2.

Two types of
study projects

- (3) Only two categories of winter term study projects to be offered: Directed Study (for freshmen, sophomores, and juniors) and Independent Study (for selected juniors, and seniors). In addition to the study projects, four-week intensive courses are to be developed for the winter term.

Freshmen not
to take two directed
studies

- (4) A freshman may not take more than one directed study project. Every student must take a minimum of one directed study project before the end of the winter term of his sophomore year.

The motion was seconded and carried. Dean Hill explained that, if it seemed desirable for an individual student, an exception to (4) could be made on recommendation of the faculty adviser.

Academic Pro-
bation provision
eliminated

Dean Hill presented the following revision of the academic probation regulations, on recommendation of the Academic Standing Committee and the Faculty Administration Committee:

That the statement, "may not represent the College in extracurricular activities" in the catalog statement concerning academic probation (page 69, 1967-1968 Catalog) be eliminated.

Mr. Wolfe moved that the recommendation be approved. The motion was seconded and carried.

Revised state-
ment of
physical educa-
tion re-
quirement

Miss Mack corrected statement (3) below to read "team sport" instead of "dance" and moved that the following revised statement of the physical education requirement be approved. It has been approved by the Faculty Administration Committee and recommended to the Faculty.

- (1) Six terms of physical education are required for graduation. The requirement must be completed by the end of the junior year. Students must register for a minimum of two terms of physical education in each of the first two years.
- (2) Men must satisfy requirements in physical fitness (to be taken in the freshman year), a team sport, and a recreation combination.
- (3) Women must satisfy requirements in basic physical education (to be taken in the freshman year), a team sport, and a recreation combination.
- (4) Students who have completed six terms of physical education are encouraged to register for additional activities on an elective basis where class size and instructional personnel permit.

FACU Meeting

Mr. Wolfe announced the 35th Annual Meeting of the Florida Association of Colleges and Universities, to be held at the Langford, April 4 and 5, with Rollins as the host institution; and urged faculty members to attend the general sessions of the meeting and the banquet on Thursday evening.

President McKean spoke of his attendance at Parents' Association meeting in various parts of the country and of the importance of the Parents' Association to the College. He asked the Faculty to let him know of interesting activities or information about particular students, since parents are especially interested in this kind of report.
